START
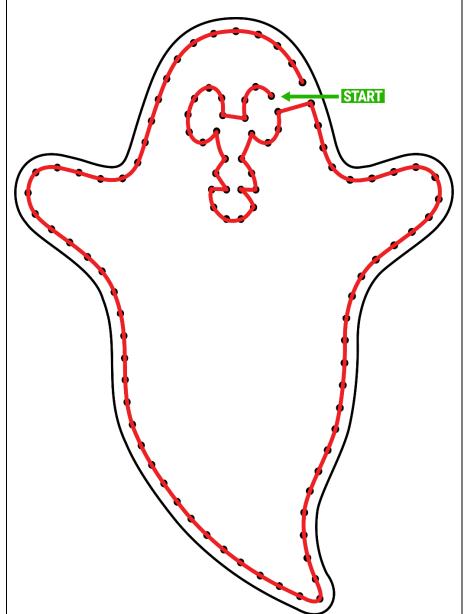

Components Needed:
Halloween Ghost Plastic
RGB Controller
2 Intelligent Pixel Strands 50ct
1 Intelligent Extensions

Step 1: Install Lights

From the back (picture to the left shows front view) begin pushing the lights through the corrugated plastic following the path as shown.

Always start with the beginning of the strand which is the end with the male plug.

Each Ghost will use two strands which are connected end to end.

Ghost 1 will connect to output #1, Ghost 2 will connect to output #2, Ghost 3 will connect to output #3.

Step 2: Setup Controller

There is timing in WowLights V2 Pro and Pro Plus Halloween Sequences for 3 Halloween Ghosts on a RGB Pixie Controller ID #40. You can set the ID using the switches on the board:

Controller #40 – 0100 0000 (Switch 2 ON, all others OFF)
